

We have had living eggs delivered to our nursery. The children have been watching the eggs wobble and crack. After waiting for a long time the chicks finally hatched.

The children have been planting seeds in our garden. We will be looking at how plants grow and how to take care of them.

Handa has lost her favourite hen. She goes on a hunt and finds lots of animals on the way.

This story explores the life cycle of a butterfly through a funny story about a greedy caterpillar.

Goldilocks sneaks into the bears house and gets into mischief.

Children enjoy singing. You can sing some songs about animals with your child. You can also talk about different types of animals.

Talk about all the food you like and don't like on your next shopping trip. Be brave and try something new.

Maths Is Everywhere
You can compare different size cars, use the language of money and look at shapes in the environment.

The children have been exploring in the heuristic area.

The children have been learning about space.

The children enjoy building using Lego.

Summer is Here!
Now the weather is warming up, please make sure your child is wearing protective clothing especially hats. **Please ensure your child's name is on all items of clothing.**

Stay and Play
Please come to play on Tuesdays as the children love to have you around. You can read to them or even just play and talk. We look forward to seeing you.

Events
School will be closed for the Bank Holiday on Monday 1st May.
May Half Term
29th May – 2nd June

Please remember if you have any questions or concerns speak to your class teachers who will always be happy to help!
